

**Name:** Peter J. Vasiliou, P.E., PTOE, LEED-AP

**Business Address:**       **Jacobs**  
343 Congress Street  
Boston, MA 02210

**Business Title:** Manager – Traffic Engineering

**Education:** M.S., Civil Engineering – Transportation, University of Massachusetts-Lowell,  
2004

B.S., Civil Engineering, Syracuse University, 1995

**Work History:** I have been a transportation engineer for sixteen years. I was part of the Student/Mentor program at the MassHighway Department and have worked for small and large consulting firms in the private sector. My experience ranges from project management, environmental permitting, traffic engineering and planning, ITS, and construction administration/inspection.

**Positions held for ITE:**

- Membership Chairman, New England Section for 1 year
- Senior Director, New England Section for one year
- Junior Director, New England Section for 1 year
- Past President, Massachusetts Chapter for 1 year
- President, Massachusetts Chapter for 2 years
- Vice President, Massachusetts Chapter for two years
- Director, Massachusetts Chapter for six years
- NEITE Technical Committee Member ten years

**Positions held in other professional organizations:** I was a Conservation Commissioner for the Town of Swampscott, Massachusetts 2000-2005

**Professional Registrations:** Professional Engineer in Massachusetts, Professional Traffic Operations Engineer (PTOE), IMSA-III Traffic Signal Electrician.

**Goals, I would like to achieve:** New England ITE provides its members with networking, continuing education, transportation research and an outlet for sharing information. As a long time board member of the Massachusetts Chapter, I have seen it grow significantly during my tenure. I would like to see the New England Section get more involved with the chapters, recruit new members and strengthen the membership that we currently have.
