

# TECHNICAL BIKE TOUR

Tour the Norwottuck Rail Trail on this 6.5 mile bicycle tour that starts in vibrant downtown Northampton and passes over the majestic Connecticut River via a converted railroad bridge. This multi-use trail continues along the former Boston & Main Railroad line, parallel to the regionally significant Route 9. Along the ride we will stop at various points to discuss the engineering and design challenges of the trail and pause for scenic agricultural landscapes. The ride is appropriate for all abilities and will consist of an out-and-back loop along a relatively flat and paved converted rail trail.

**Thursday, May 23rd at 2:30 pm**

**Cost:** \$10/person (\$25/person with bike rental)

The tour will begin and end at the Hotel Northampton and will last approximately 2 hours. Please pre-register for the bike tour through the conference registration.
